

Rev. Edison Wiltshire

EZRA's Founder and Director

I have had the privilege of directing and providing Community and Workplace Chaplaincy Services for over 30 years. This has taken me, to Bull Arm during the construction of the Hibernia Platform, to the North Atlantic Oil Refinery, to the Off-Shore Installations, to Bull Arm during the time the Sea Rose was at quay and for the construction of the Hebron Platform, and to the West White Rose Project.

I am privileged to coordinate this provision of spiritual, emotional and social support for the workforce. EZRA is committed to providing professional chaplaincy in all its aspects including support to workers living with mental health issues.
